15.Multidisciplinary / interdisciplinary	
<p>The Vision of the National Education Policy, to provide high-quality education to develop human resources in our nation as global citizens, is well taken by the university. A discussion among the faculty members was initiated on the key principles of NEP such as diversity for all curricula and pedagogy with technological innovations in teaching and learning, encouraging logical decision making, innovation, critical thinking, and creativity. The College has implemented the NEP-2020 w.e.f. 2021-2022. The policy has been adopted as per NEP Regulations, 2021. The College has proposed and approved its Institutional NEP policy in the Statutory Academic Council and the Governing Body. The general structures of academic programmes and courses proposed by the state and affiliating university are adopted with credit allocations. The curriculum under NEP has Discipline Specific Core Courses, Discipline Specific Electives, Open Electives, Ability Enhancement Courses, Skill Enhancement Courses, Value Based Courses, Yoga, Health & Wellness, Sports, Physical Fitness, Co-curricular & Extra-curricular Courses. Modules on service to humanity, volunteering, human rights and gender equity are introduced to drive the vision and mission of the institution. Because of the NEP, the university has initiated new interdisciplinary courses integrating different departments. Academic programs are redesigned to include Multidisciplinary /Interdisciplinary courses as electives. All programs are designed in such a way that students get maximum flexibility to choose open elective courses offered by other departments. It can be said that the University is proactively working towards the implementation of the suggestions given in the NEP.</p> <p>S B Arts and K C P Science College is privileged and highly</p>	

confident in integrating these productive alterations in its working conditions to provide only the best to its students. The students are expected to undergo a holistic educational model that supports the overall growth of their academic potentials by exposing them to the wonders of different disciplines that offer them with multitudes of ideas to develop and work on. Social service activities and other activities coordinated by NSS, NCC units, Scouts, YRC, Red Ribbon club and other cells of the college play a superior role in conscientizing the students on their health, community and environmental value system. The flood relief activities and the initiatives during the pandemic have facilitated learning beyond boundaries. The collaborative activities undertaken in the institution have the scope to widen the perspectives of the students and make them capable of accustoming them to the different zones of learning.

16.Academic bank of credits (ABC):

Academic Bank of credit is a virtual/digital storehouse that contains information on the credits earned by individual students throughout their learning journey. The College realizes the necessity to register for the UGC proposed ABC in order to promote learner centric approach, inter-disciplinarity, provide opportunities to enroll the courses of their choice and pursue them at their own pace.

S B Arts and K C P Science College follows the principle of flexibility in learning by providing choice-based education system for the students. It has the technological and infrastructural facilities that support the successful implementation of the ABC system in the institution. Our institution welcomes the new system of ABC which permits the students to avail the benefits of credit transfer and the possibilities of multiple entries and exits. Once implemented, the students will have the option to enter/exit educational institutions based on their credits. As per the objectives of the ABC system, the college has already invested good efforts at its student-centric and learner-friendly approaches. The curriculum also offers sufficient time and convenience for the students for the successful completion of the course programs of their choice. This is certain to increase the prospects of successful implementation of the ABC system in the institution in the upcoming academic years and aiding in the institutional aim of transforming the students into skilled professionals. The college looks forward to the internationalization of education and has MOUs with various other institutions for cooperative initiatives. They can currently obtain additional credits through pursuits including

NSS, NCC, sports, and fine arts. To improve their learning experience, students are encouraged to enroll in and successfully finish courses via online platforms like Swayam and Coursera. This provision will broaden the holistic educational prospects of an individual.

17.Skill development:

Skill development schemes occupy prime concern during the yearly curriculum revision process. Scouts, YRC, NSS and NCC units conduct skill-based training workshops to help students excel in their areas of expertise that will help initiate them as entrepreneurs into new areas. Every department offers certificate courses specifically to inculcate employability and skill development. The clubs functioning in the college and the sports activities are capable of imparting skills. Along with a prescribed syllabus, the College has created a flexible curriculum that grants the student a broader space and a wider scope for realizing their objectives. In NEP Digital Fluency has been introduced for the first year students. More skill addition courses will soon be offered according to carefully thought-out plans that will be implemented gradually. The institution's prospective strategy includes proposals for collaborations and MOUs for skill development. In order to offer skill development programmes for students based on NSQF Levels, MoUs have been formed.

The institution provides capacity-building programs and skill inculcation training programs to all students under the guidance of Placement and Career Counseling Cell. The students are offered various value added courses based on skills through offline and online modes. The value added courses include Communication Skills, Bank Coaching, Language lab, Soap & Candle making etc. Internships, fieldworks, industrial visits, project works and hands-on learning methods are some of the exclusive learning methods adopted in the campus to provide experiential learning for the students. Furthermore, days of importance are observed to impart the value system followed in the society.

BLDE Association has signed a MoU with Deshpande Educational Trust along with training partner National Skill Development Corporation (NSDC) on 22nd January 2022. Our college is one of the partner college considered for this MoU. The aim is to provide employability skills to graduates from Rural and Semi-Urban regions. Students are thought employability skills and interview skills along with mock interviews. Seven students from our college have been placed successfully into various MNC's.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture,

using online course)

The college imparts knowledge of the Indian language, and culture by organizing food fests, celebrating festivals, and cultural programs during college day programs. This ensures that the students understand the prominence of the event and absorb the essence of the nation through these activities. Scouts, NCC and NSS units bring out the best programmes to cater for the unity and diversity of Indian Culture. The college stands in unison to uphold the integrity and cultural heritage of our nation. The cultural activities held in the campus strictly adhere to the value system followed in the society and constantly remind the students of the uniqueness of the Indian culture through various art forms practiced during the cultural activities. The College strives on a daily basis to create a youth who upholds the Indian culture by inculcating sound values and an understanding of humanity. Indian Languages are promoted through competitions and activities. Value enrichment programmes are conducted regularly to instill our youth with morals that will bring glory to our Nation. The college encourages the students to celebrate different festivals. This creates an awareness about the cultures of different societies in India and helps create religious tolerance among students. Ek Bharat Sreshta Bharat, various programmes under Azadi Ka Amruth Mahotsav are initiative to promote cultural integration among students.

The college understands its huge responsibility in dealing with the women community as its raw material. It is crucial that along with liberating this community through education, the basic cultural values are imprinted in them through the campus learning experience. As part of this initiative, the college has developed strategies to infuse pride and acceptance of the Indian culture and its value system. Community activities and disaster management activities have imparted a knowledge on the basic needs of the Indian community.

The college's vision and objectives are closely linked with value based education. Every week for the allotted hour, faculty members conduct value orientation classes in which emphasis is placed on Indian value systems. The value education curriculum incorporates Indian culture and thought. Enrollment in MOOC and SWAYAM courses is made easier for students and employees through the information centre (the library's website). Theory and Practical classes on Yoga is an important tool used to inculcate Indian tradition. The college's upgraded ICT facilities offer a favorable atmosphere for enrolling in online courses.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Outcome Based Education (OBE) is education in which an emphasis is placed on a clearly articulated idea of what students are expected to know and be able to do. OBE improves competency in knowledge acquisition in terms of higher final course grades and cognitive skills. Outcome Based Education is a student-centric model which gives emphasis on what is learned. The curriculum framework is created specifically to encourage students to not only present facts but also make complex analyses and interpretations. This approach helps to identify a student's strengths and weaknesses. Before the commencement of each programme, the students are given awareness regarding Program Outcomes(PO) Program Specific Outcomes(PSO) and Course Outcomes(CO). The question banks are based on Bloom's taxonomy and evaluation is also conducted adhering to the pattern. It enables the students to assess their cognitive levels like remembering, understanding, applying, analyzing, evaluating and creating.

All the undergraduate and postgraduate programmes are brought under outcome-based education (OBE) keeping in mind the local, regional and global requirements. All programmes have been assigned clearly stated POs, PSOs and COs. All courses are designed as per Blooms Taxonomy. Students are assessed as per OBE attainment model under NEP.

The Outcome Based Education approach is one pedagogical model adopted by the institution in delivering quality enhanced curriculum to our learners. The curriculum designed with each course demarcated with specific Course Outcomes (CO), Program Outcome (PO), and Program Specific Outcome (PSO) becomes accountable not just to the educational needs of the learners but also satiates the requirements of the employment sector by delivering skilled and educated professionals. An efficiently organized package of academic and professional gratification is our promise of adopting OBE into the curriculum.

The IQAC of the college takes stringent measures to make certain that all the faculty and the students are aware of this new and productive pedagogical method through regular FDPs for the faculty and awareness sessions for the students. Through this, the institution has been able to shift the focus from teacher centred mode of learning to student-centred learning. It also ensures that the recipients of this learning methodology are fully aware of the exit outcomes expected after undergoing a desired stream of study and helps them to choose their options wisely and according to their aptitudes. To expand the awareness of this adopted mode of learning,

the institution has also updated the official college website by publishing the details and outcomes expected after each course program.

20.Distance education/online education:

The institution provides ample flexibility to the students to learn and explore through ICT- teaching is made possible by Wi-Fi enabled departments, smart classrooms, and well-stocked computer labs. The faculty was trained intensively to adapt to the changing scenario. The students were encouraged to interact in virtual classrooms. The use of technologies like LCD, Smart classrooms, and Language Lab, made online education efficient. Virtual and live classrooms coexisted and apart from this, the institution took special care to implement blended classroom learning to ensure that the students benefited simultaneously despite their circumstances. The students are given due training during the induction programs to access the resources and utilize them for their desired growth in the academic spheres. This has also levitated the prospects of blended learning in the campus. The College stepped forward by providing many deserving students with the necessary technological facilities in cash and kind so as to reduce the digital divide.

During the pandemic most of the classes were conducted in the online mode. The faculty responded to the difficulties of the threat to education posed by the pandemic and changed the instructional approach. To share knowledge, notes, and power point presentations, use the Knowledge Centre, a digital repository. The pandemic scenario was efficiently handled through ICT tools like LMS MOODLE, OBS, and GOOGLE CLASSROOM. The library of the college is well equipped with online e-resources to meet the academic needs of the students.

Online learning assessments are done through Quizziz, and Google forms. By participating in training programmes, the faculties have gained the digital skills necessary to manage online education. It is a regular practice for the teachers and students to undertake nationally and internationally authentic skill enhancement programs offered online through platforms like MOOC, NPTEL, Coursera, Swayam etc. Faculties & Students get ample opportunities to interact with internationally reputed experts in different fields through online seminars and classes arranged by the institution.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

As an Affiliated Institution to University, the college imparted most effectively only by their POs and COs, which are updated as per the need of the current trends by the University- Structured Courses. The knowledge of the scope prevalent in the Syllabus for the Courses and its outcome constraints and its proficiency are to be realized by the Teacher and the Students alike. This makes the aspirants to get aware of their future prospects they have enrolled in. The Teacher with a strategic and qualitative plan decides with the most efficient way to execute the Programme/Course Study to the Students. The POs and COs is also made available on the college website and notice board. An orientation programme is conducted for students at the beginning of each year, to understand the depth of the courses and gauge the potential. The faculty members being a part of the Board of Studies (BOS) to set the syllabus in framing the outcomes before imparting the same to the students. Regular meetings are carried out with the staff in order to check upon the

progression of the courses and a detailed review is carried out at the end by taking a feedback from the students. The Mapping also produces an arena of Evaluation for the Teachers about the Course Study and for the Students as to integrate with their Learning Skills. The Progression to the Higher Education, Employability and Placements in Corporate Sectors and Research hold the scope of the Curriculum.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Internal Assessment of the Students is judged with the Two Internal Tests as per the notification of the Parent University. The knowledge of the COs are judged with respect to the attainment of marks in Internal Tests with the 20:80 (2nd and 3rd year) and 40:60 (NEP 1st year) Weightage for the University Examinations. At the semester beginning, students are provided with bridge course classes to ensure them a smooth transition from pre-college set up. The slow learning students are provided with remedial classes until they adjust to the new environment. The Intra-Semester Assessment component is administered with the participation of students in the Quiz and Debate Competitions, assignments, group discussions, viva-voce, Paper/ Poster Presentations in Seminars/Conferences and engagement of the Students in the Field Visits, Industrial Visits, Co-curricular & extracurricular activities towards the attainment of the impact factor with respect to the COs. Post-graduate courses have internship/projectwork in order to build research and problem solving skills in students which gives an exposure to the industry scenario. The indirect methods of evaluating the same include evaluation of the student feedback using statistical tools. The management and affiliation audits yearly also evaluate. The guidance is given to the students to face the government Competitive Examinations and JAM/GATE/NET/SET Exams. The Students contribution to Sports and Cultural Competitions by winning University Blue/State/National and International Recognitions, NSS/NCC/Scouts & Guides procure the service to the Society and Humanity. Thus build the leadership qualities. This inculcates the participative quality in the Students.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Title of the Practice: Trending Technology with Education through TED Talks

The screening of TED Talks aid in enlarging students' knowledge in the given topic. It is one of the newest versions of experiential learning where students individually experience the advanced technology in classroom.

The Practice

- The IQAC prepared Plan of Action and accordingly all departments screenone TED Talk in each Semester.
- Faculties monitor department-wise TED Talk screening and inform students about its relevance to their curriculum.

Evidence of Success:

TED Talks screening in ICT enabled classrooms introduced students to the newest version of experiential learning. Improvement is found in the presentation skills of students in classroom seminars. Motivational speeches have led to the behavioral changes among the students.

Title of the Best Practice: SanskritSandhyaKendra

Sanskrit is a treasure house of global knowledge. Knowing its written and spoken form is essential. Sanskrit Sandhya Kendra is anon-profit establishment and teaches Sanskrit to outside citizens, students and staff of our college.

ThePractice

Sanskrit Sandhya Kendra teaches Sanskrit language in three months with academic up-gradation of PRATHAMA DIKSHA (Vyavaharavatarani) and DWITIYA DIKSHA (Vyavaharagahini).

The College advertises through Newspapers, Flex Boards, Handouts, Banners, Local TV.

Evidence of Success

- Learners were able to converse fluently in Sanskrit and hence helped to seek appointment as teachers.
- Learners are being honored by Sanskrit Academy for conversing inSanskrit.
- It has helped learners
- Some Learners are conducting tutorials.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Distinctiveness

1. The increasing number of Girl Students on Roll

2. The service to the Farmers in the land of Agriculture

3. QR Coding to the Plants

1. The increasing number of Girl Students on Roll, the Girls Students enrollment in the College is our Exclusiveness which is achieved with the providing of an ambience of safety and security.

2. The service to the Farmers in the land of Agriculture Agriculture contributes to one-sixth of the Gross Domestic product of India and a major chunk of our population depends on farming for their livelihood. The vision of the Institute focuses in providing awareness to farmers about the soil facility and water quality. It optimizes crop production and also creates awareness of Eco friendly agricultural practices.

3. QR Coding to the Plants the College Campus is lavished with the Plants and Trees of variety which includes the Ornamental, Medicinal and Horticultural. The Department of Botany has labeled all the Plants and Trees in the Campus which provides the information of the Botanical Name, Common Name, The Family Name and its Properties. Then the QR Coding is done to all the Plants of the Campus.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

As an Affiliated Institution to University, the college imparted most effectively only by their POs and COs, which are updated as

per the need of the current trends by the University- Structured Courses. The knowledge of the scope prevalent in the Syllabus for the Courses and its outcome constraints and its proficiency are to be realized by the Teacher and the Students alike. This makes the aspirants to get aware of their future prospects they have enrolled in. The Teacher with a strategic and qualitative plan decides with the most efficient way to execute the Programme/Course Study to the Students. The POs and COs is also made available on the college website and notice board. An orientation programme is conducted for students at the beginning of each year, to understand the depth of the courses and gauge the potential. The faculty members being a part of the Board of Studies (BOS) to set the syllabus in framing the outcomes before imparting the same to the students. Regular meetings are carried out with the staff in order to check upon the progression of the courses and a detailed review is carried out at the end by taking a feedback from the students. The Mapping also produces an arena of Evaluation for the Teachers about the Course Study and for the Students as to integrate with their Learning Skills. The Progression to the Higher Education, Employability and Placements in Corporate Sectors and Research hold the scope of the Curriculum.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

IQAC has initialized various activities to strengthen the professional and educational values in the Teaching/Non-Teaching Staff and Students. The Two practices to be quoted to represent initiations by IQAC:

1. Building Professional Culture among faculty

A very important stakeholders of the institution are staff, thus IQAC focuses to maintain the professional environment. In this regard, the teachers are advised and encouraged to attend workshop and FDPs for skill development, seminars, conferences, and to publish research articles in national/international peer reviewed journals. The teachers are also motivated to apply for research projects funded by various funding agencies such as DST/DBT/VGST/KSTA/ UGC. With efforts of IQAC, faculty have contributed in thirteen Scopus indexed journal and are encouraged to participate in sports activities by organizing a sports meet "Drona's Sipora".

1. Holistic Academic Development of Students

With a view of complete development of students the college conducts various workshops/seminars/conferences/fest/special

lectures/endowment lectures/TED-talks, which are value based topics such as current affairs/research/science-technology/literature. We also organize Field Visits, industrial visits, student seminars, exchange programmes, open day. College provides ICT enabled classrooms, well equipped laboratories, digital library, language lab, computer labs to ensure proper teaching and learning process. Various cell organize awareness programmes, life skill activities and camps which help students to be connected with society and for better survival.

Thus the IQAC has immensely contributed in taking up quality initiatives and sustaining the quality culture in the Institute.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Title of the Practice: Trending Technology with Education through TED Talks

The screening of TED Talks aid in enlarging students' knowledge in the given topic. It is one of the newest versions of experiential learning where students individually experience the advanced technology in classroom.

The Practice

- The IQAC prepared Plan of Action and accordingly all departments screenone TED Talk in each Semester.
- Faculties monitor department-wise TED Talk screening and inform students about its relevance to their curriculum.

Evidence of Success:

TED Talks screening in ICT enabled classrooms introduced students to the newest version of experiential learning. Improvement is

found in the presentation skills of students in classroom seminars. Motivational speeches have led to the behavioral changes among the students.

Title of the Best Practice: SanskritSandhyaKendra

Sanskrit is a treasure house of global knowledge. Knowing its written and spoken form is essential. Sanskrit Sandhya Kendra is an on-profit establishment and teaches Sanskrit to outside citizens, students and staff of our college.

ThePractice

Sanskrit Sandhya Kendra teaches Sanskrit language in three months with academic up-gradation of PRATHAMA DIKSHA (Vyavaharavatarani) and DWITIYA DIKSHA (Vyavaharagahini).

The College advertises through Newspapers, Flex Boards, Handouts, Banners, Local TV.

Evidence of Success

- Learners were able to converse fluently in Sanskrit and hence helped to seek appointment as teachers.
- Learners are being honored by Sanskrit Academy for conversing in Sanskrit.
- It has helped learners
- Some Learners are conducting tutorials.
