Student Satisfaction Survey Report
2023-24

Overview

In order to upgrade and maintain the quality of education elicits response from the primary stakeholders, students, on the teaching –learning and evaluation. The survey questions used are formulated by NAAC. The IQAC of SB Arts and KCP Science College has organized this survey to take stock of the student's satisfaction levels of various aspects of teaching and learning.

The analysis of the survey has been provided department-wise also to enable the faculty of each department to find out areas that need intervention by them to maintain high levels of satisfaction amongst their students. This we believe will also be an opportunity to ascertain the departments SWOC – strength, Weakness, Opportunities and Challenges. The survey results are calculated on a 5 point likert scale ranging from 0 to 4.

In the following report, the overall satisfaction levels of 1008 students in both the Aided and self-supporting stream have been presented. Suggestion and recommendation follows the analysis.
